

Unit Test Execution Report

Project: hackathon-platform-frontend

Branch: repo-fixes-audit

Executed: 2026-04-01 20:25:16 -05:00

Command: npm run test -- --reporter=verbose

Result: 3 files passed, 10 tests passed

Executed tests:

- tests/components.test.tsx > Shared Components Suite > StatusBadge > renders with label (89ms)
- tests/components.test.tsx > Shared Components Suite > StatusBadge > renders with dot indicator when enabled (33ms)
- tests/components.test.tsx > Shared Components Suite > StatusBadge > applies the correct variant styles (5ms)
- tests/components.test.tsx > Shared Components Suite > PageHeader > renders title and description (16ms)
- tests/components.test.tsx > Shared Components Suite > PageHeader > renders actions as children (614ms)
- tests/smoke.test.tsx > Base Components Smoke Tests > Badge component renders with content (149ms)
- tests/smoke.test.tsx > Base Components Smoke Tests > Button component handles interaction (570ms)
- tests/smoke.test.tsx > Base Components Smoke Tests > Button states (disabled) (50ms)
- tests/pages.test.tsx > Admin Pages Smoke Tests > Hackathons Management Page > renders the header and empty state when no data exists (2112ms)
- tests/pages.test.tsx > Admin Pages Smoke Tests > Hackathons Management Page > renders the hackathons list when data is available (632ms)

Notes:

- Overall status: PASS
- Warning emitted by Vitest/Vite: vite-tsconfig-paths plugin is deprecated in favor of native tsconfig path resolution.
